SERIOUS IF NOT FATAL ACCIDENT—William Newman, youngest son of Mr. Oscar Newman, of Fairfax county, was seriously if not fatally shot by his dog on Thursday last. Mr. N. was out hunting, and having discharged one barrel of his gun at a squirrel, rested his gun, with the trigger to the remaining charged barrel set against his person, when his dog playfully leaping up, touched the hammer, causing the discharge of the other barrel, the charge entering under the left nipple, lacerating the flesh and passing up entering the left jaw, fracturing the skull, but leaving the brain untouched. His situation is critical but if secondary hemorrhage does not ensue, hopes are entertained of his recovery. Drs. Fairfax and McWorter were promptly in attendance, and rendered all the aid possible.

A REMARKABLE COLORED MAN—There is a colored man now in this city, who says he came from Frederick, Maryland, who can, at will, and without any apparent inconvenience, change the position of his heart to the left and lower portion of his abdomen, thence across to the right side of his abdomen, and then back again to his left breast. He also possesses the power of revolving his stomach, and of so extending the muscles between his ribs as to form a bony covering for the whole of his abdomen. These motions are all distinctly visible, and are certainly very remarkable—the transposition of the heart, considering its attachments, being almost inexplicable. Many persons, among them some of the medical faculty, have examined the man, have been interested very much in the phenomena he exhibited.

ATTEMPT TO ROB A STORE—An attempt was made last night by a colored boy, with accomplices it is thought, to rob the grocery store of Mr. M. B. Harlow, on the corner of Royal and Cameron streets. Mr. Harlow with a friend happened to go into the store about ten o'clock to get cigars, and while in there heard some one forcing open the door at the top of the steps leading down into the cellar, and upon searching the cellar they found the thief concealed in an empty barrel. He was handed over to the police. A suspicious looking colored man had been seen lurking about there last night, and it is supposed that he was to have assisted in taking off the plunder had the robbery been successful. The thief who was caught, it is thought, was locked in the cellar when the store was closed for the night.

FINE BEEF AND PORK—Mr. W. J. Holland had, at his stand, in the market, this morning, some of the finest fresh beef and pork we have seen for a long time. A dressed young hog, raised near West End, was on exhibition, weighing 608 pounds. It attracted much attention. A beef, which weighed 1,140 pounds, was on sale, and its roasting pieces and steaks were in demand. Persons who are good judges pronounced the meat very superior.

A DREADFUL SIGHT—A woman, representing herself to be from Washington, while under the influence of liquor yesterday evening, alarmed the inmates of some of the houses on the upper end of King street, and finally became so disorderly that she had to be taken in charge of by the police, and rolled to the station house in a hand cart.

FIRE—The stable of A. D. Osgood, near Gooding's Tavern, Fairfax county, and contents were destroyed by fire on the afternoon of Wednesday last. This is supposed to be the work of incendiaries. Fortunately Mr. O. was absent with his team, thereby saving his horses and harness.

LUCKY—Capt. C. B. Williams, conductor on the W. & O. R. R., was lucky enough to win at a raffle, in Washington, yesterday, a money valued at \$300.

DISPATCHES TO THE GAZETTE.

FROM WASHINGTON.

CONGRESS.

WASHINGTON, Feb. 11.—The Senate spent the greater portion of the morning hour in discussing a proposition to issue 20,000 extra copies of the report of the Commissioner of Education.

Mr. Bayard showed that the report was grossly incorrect as to Delaware.

Mr. Conklin thought that errors should be corrected before the book went out.

Mr. Sawyer held that the errors of the book did not injure it. It would go out after this debate, with the understanding that it was not entirely accurate, and thus its errors do no harm. Its value consisted in its deductions.
